

How to graph LPAR workload

To generate an LPAR Workload graph, ensure the LPARs have been added to Uptime Infrastructure Monitor and then complete the following steps:

1. In the Global Scan or My Infrastructure tab, click the name of the pSeries server that is hosting the LPARs whose information you want to graph.
2. In the Tree panel, click the Graphing tab.
3. Click one of the following options:
 - Workload - CPU
 - Workload - Memory
 - Workload - Disk
 - Workload - Network
4. Select the start and end dates and times for which the graph will chart data.
5. Click Generate Graph

Please review the online documentation for more details - [Graphs](#) and [Understanding Graphing](#)
